She states the west walls are the proposed locations to paint the murals on both buildings. She did state that the mural for the Fire Station would be on panels and could be removed. She spoke of the Old School Building, being concrete block where they would put the mural and it could be on a panel or painted on the building. She stated that the Heart of High Springs would provide the maintenance for the murals and would have an agreement for this.

Commissioner Weitz asked about using a wall at the High Springs Community School instead of the Old School Building. She suggested that this could involve the children in the community, and they would learn about these people that have impacted our community. She speaks of her concerns with installing something on City property and the City or taxpayers having to flip the bill if the 501 c3 dissolves.

Vice Mayor Ambrose stated that the funds that are raised by the Heart of High Springs for maintenance are encumbered for that and could be turned over to the city for the maintenance should the 501c3 dissolve.

Commissioner Grunder asked if they would do the murals on panels. Ms. Lavin stated yes.

Vice Mayor Ambrose stated that the panels are aluminum not wood, are engineered and are up to building code.

Commissioner Williams asked how the panels are installed. Vice Mayor Ambrose stated that they are anchored, and the panel goes on brackets. Commissioner Williams states Ms. Gassett was his kindergarten teacher and Mr. Diedman was his principal.

Commissioner Weitz asked if the Heart of High Springs would be amenable to another location. Ms. Lavin stated that she would have to go back to the board and ask.

Commissioner Weitz stated that it was stated that it was going on private property and now there is this for the use of public property. Ms. Lavin stated they are here respectively asking the Commission, and it would be up to them. Commissioner Weitz stated she is not in favor of the use of City buildings. She does not think the city should get involved.

Commissioner Grunder stated that he has not heard many people against murals. He stated that it may be better suited for it to be at the High Springs Community School. He speaks of the Old School Building needing to be preserved.

Motion Commissioner Grunder to allow the mural on the side of the Fire Department.

Commissioner Weitz stated that when this started it was to help blighted areas, but she does not think the fire department wall is an appropriate location.

Second Vice Mayor Ambrose.

Julie Smith spoke of murals history. She spoke of this being a way to get a history of High Springs. She speaks of the local businesses needing help. She states the businesses are hoping for this. She speaks of this helping the community.

Janet Evans stated that there is a percentage of the population that is not happy with having murals. She speaks of the concern of putting this on public property, and we are taking away the voices of the people against this.

Attorney Walker stated that the ordinance and all versions of the ordinance have that it can be on public property.

Commissioner Weitz states that she did verify that today, but this is Free Speech on a public wall.

Commissioner Williams asked if they have looked at other buildings to put the mural of the river on. Ms. Lavin stated she did not know if they have identified any other walls.

Bruce Borders speaks of the Priest Theater and getting it back.

Commissioner Williams states that he would like to see Little Springs on it. He would like to see if there were other buildings.

Vice Mayor Ambrose stated that some walls were eliminated.

Mayor James asked if changes would cause it to go backwards. Vice Mayor Ambrose stated there are eight walls that are assigned.

Christy Swilley stated it would be nice to find a better location for the murals. She suggested some more walls.

Commissioner Weitz asked if we cannot stop at eight.

Ms. Lavin stated we can stop at eight, but we were shooting for ten.

Ms. Lavin stated they have tried to reach out to the suggested businesses and have been unsuccessful.

Rick Testa stated it has not been about the artwork for him. He speaks of ethics training. He speaks of conflicts of interest. He speaks of a commissioner having a conflict of interest and benefited. He speaks of graft.
